PonyBoy is being careless .	Page 2, " Anyway, I went walking home, thinking about the movie when suddenly wishing I had company. Greasers can't walk home alone or they'll get jumped."	Careless: Pony is careless because he knows that walking home by himself can be dangerous but still does it anyway and pays the price when he gets jumped by the Soc's. If he knows he could get beat up then he was being careless because he should have called on his buddies to pick him up.
